About Conference

DrupalCamp Wrocław 2017 is a conference organized for Drupal community and others interested in the software. For two days (Saturday and Sunday), there will be lectures and workshops given by the Drupal experts. The conference is free to attend.

We organize the DrupalCamp Wrocław conference for the **sixth time** encouraged by the success of last five editions. There were lots of lecturers as well as those who wanted to hear the lectures and sponsors. A big dose of knowledge along with the openness let the participants spend their time in great atmosphere. We have received a **great response** from programmers and users; that is why we have decided to double the number of volunteers and prepare additional offers.

DrupalCamp Wrocław is a **international conference**. In previous editions we had speakers from USA, Finland, Germany, Sweden, France and Poland. We had also sponsors from USA, Singapore, Ukraine and Poland.

DRUPALCAMP WROCLAW SINCE 2012

About Wrocław

fot 1. Wrocław

Wrocław is the largest city in western Poland where lives more than 630 000 people. Wrocław is the third largest educational centre of Poland, with 135 000 students in 30 colleges.

The city is famous for its large number of nightclubs and pubs, most of them are in the Market Square and the surrounding areas.

Wrocław has very good connection with biggest cities in Europe.
